● WHO WE ARE

Twenty years of keeping Southern California moving.

All Magic Paint & Body has proudly served Southern California for over 20 years. We specialize in collision repair for government and commercial fleet vehicles — delivering certified repairs with minimal downtime.

Our facilities are equipped with state-of-the-art tools, and our team is trained to handle every make and model, from passenger vehicles to heavy-duty trucks.

Worry-Free Claims

We work directly with your insurance carrier — no hassle, no chasing paperwork.

OEM Certified Repairs

Original manufacturer parts and certified repair protocols — every time.

Family-Owned

Two decades of serving local communities with care and integrity.

Lifetime Warranty

We stand by our work — the warranty travels with the vehicle.

Customer-First

Free pick-up & drop-off, and transparent communication start to finish.

Priority Scheduling

Reserved bays for fleet accounts — skip the queue, get back on the road.

● WHAT WE DO

Fleet vehicle solutions that **keep you moving.**

We prioritize service for government and commercial fleet vehicles. No more waiting — get immediate attention, certified repairs, and direct billing under one account.

Emergency & Police Vehicles

Expedited intake for first-responder units, including after-hours.

Government Utility Trucks

Heavy-duty repairs, fabrication, and certified refinishing.

Fleet & Transit Vans

Collision restoration for cargo, shuttle, and delivery vans.

Frame Straightening

Laser-mapped alignment with documented measurements.

Auto Body & Paint

OEM-spec color matching in downdraft spray booths.

Glass, Dent & Bumper

Window replacement, PDR, and bumper refinishing.

Detailing

Optional pre-return detail — back to duty looking new.

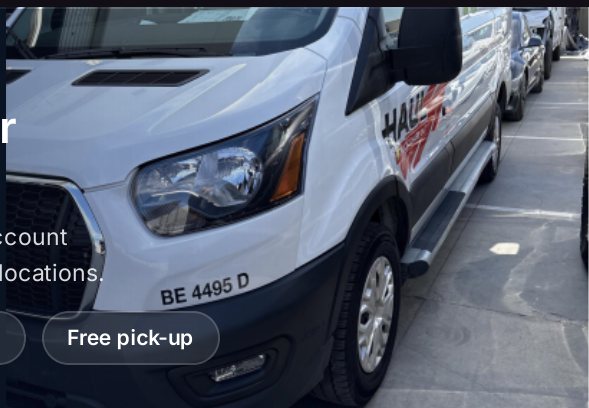

Fleet Manager Comms

Named liaison, SMS/email updates, shared service log.

One account. Every vehicle in your operation.

From sedans to box vans — one account number, one warranty record, four locations.

Direct billing

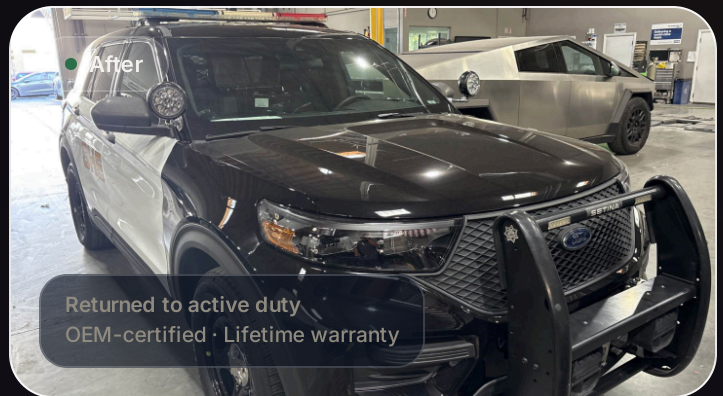

PO & net terms

Free pick-up

● FROM DAMAGE TO DUTY

Documented work, predictable turnarounds.

From minor fender benders to major collisions, our certified team handles the job from start to finish — with documented before/after measurements and a return-to-duty handoff for every vehicle.

The 5-step fleet workflow

Intake → Return-to-service

01

Intake & Estimate

Vehicle received, photographed, and scoped. Insurance carrier contacted on your behalf.

02

Structural Scan

Laser mapping documents hidden damage with printable measurement reports.

03

Repair & Refinish

OEM-certified body repair, frame correction, and downdraft refinishing.

04

QA & Calibration

Recalibration, paint verification, and certified inspection sign-off.

05

Return to Service

Detailed delivery with full documentation and warranty on file.

● TOOLS & STANDARDS

Cutting-edge tools for precision repairs.

From compact sedans to fleet trucks and specialty vehicles, our equipment ensures accuracy, repeatability, and safety — getting your fleet back on the road faster.

PAINT

BlowTherm Spray Booths

Eco-friendly downdraft booths for flawless OEM-spec finishes.

FRAME

Chief Goliath Frame Machine

Precision alignment for full-size trucks and SUVs.

SCAN

Meridian Laser Mapping

360° structural scanning with measurement reports.

WELD

OEM-Approved Welders

Aluminum and spot welders for modern unibody repairs.

DIAG

Snap-On Diagnostics

Fast diagnostics & A/C service across all makes.

COLOR

Computer Color-Match Lab

Spectrophotometer-driven exact paint formulation.

Lifetime warranty on every repair

The warranty travels with the vehicle — honored across all four locations, for as long as the unit is on the road.
